In addition to the added "The Great Schism" footage, the new DVD and Blu-ray also feature an alternate ending of The Empire Strikes Back, where Kirk and Spock become separated. It appears that one side of the saga is ending when they return to Earth. One would hope that the new film may end with the reunions of the cast and crew of The Force Awakens but we doubt it. In this short version of the story, Kirk and Spock are forced to go beyond the bounds of the universe when they discover a hidden alien artifact. The artifact contains the power to resurrect other lives, which is the equivalent of the Force. As a result of having to travel into the universe again and again, the two friends must deal with the loss of everything that they have lost on Earth and everything that was lost on Star Wars.. A Trainer's Gym ID Card (Japanese: 訓練者IDカード Kitto Gokurai) is a type of Energy card introduced in Pokémon Pocket Monsters.

Star Trek Beyond Blu-ray Review - The Great Schism Blu-ray, DVD Special Features and Extras Star Trek Beyond Blu-ray Review – A Look Beyond The Glass – Star Trek Beyond is the most technologically advanced Star Wars movie yet. Director J.J. Abrams was tasked with bringing Star Wars to the bigger screen and was able to deliver three hours without a single jolt in production - the film will easily take three hours to be completed. In the hands of a seasoned director, Star Trek Beyond could have been a monumental failure. Thankfully, Abrams managed to turn Abrams' previous films – Star Trek Into Darkness, Star Trek Into Darkness - into solid box office performances on their own, and Star Trek Beyond has no doubt proved this to be true. With the new DVD and Blu-ray releases, Abrams continues his journey of bringing a fresh take to the iconic franchise and Star Trek. A look into The Great Schism - Star Trek Beyond features several deleted scenes, additional deleted scenes with new characters, and new deleted scenes in the movies. Some of them are interesting, some are just interesting, but ultimately they show that Abrams had a lot more time on his hands with Star Trek Beyond than he did with previous Star Wars films.. 15. The windmill, the first and only wind farm in the United States, is now part of a \$150 million settlement in federal court by a coal mining company to settle class-action lawsuits by workers who said they were paid less than \$0.25 an hour for the power they supplied to the coal-fired power plant in Tuscaloosa, Ala. The settlement was announced Monday by EPA Administrator Scott Pruitt, who has called the power plant one of his major achievements..
